With continued careful selection of optimal, exceptionally strong, beginning stage two sites and continued practice in the Garden room O32 should be performing at his previous level within four sessions and should be ready to move on to more subtle stage 2 sites and learn such new percepts as energy and motion.
4. (S/NF/SK) EVALUATION: 3.

### Coney Island

Facing the Atlantic, Coney Island has a fine beach and boardwalk. Over the last few years it has become a place of high rise apartment buildings. Scattered among these highrises are 1-2 family homes of some 100,000 persons of diverse ethnic and native origin. This housing ranges from slum to middle class.

Besides beach and boardwalk, many carnival amusement features on Surf Avenues draw a host of visitors, especially on Summer weekends. The NY Aquarium, with about 7,000 specimens of marine life is located on the ocean front.
